

FIG. 1 is a block diagram of a prior art system for providing a web page to a client. The system includes a web server 14 and a web client 10. The web client 10 is configured to send an HTTP request 12 to the web server 14. The web server 14 is configured to send an HTTP response 16 back to the web client 10. The web client 10 is further configured to display the web page received in the HTTP response 16.
